PROFILE

I am frontend developer with one year of hands-on experience, I am eager to bring my skills and passion for creating exceptional user experiences to a dynamic and forward-thinking team. I am confident in my ability to contribute effectively to innovative projects and collaborate with cross-functional teams to achieve shared goals. As I continue to grow and evolve as a frontend developer, I am committed to staying updated on the latest industry trends and technologies to deliver cutting-edge solutions. I am excited about the opportunity to leverage my expertise and make a meaningful impact in a growth-oriented company.

EXPERIENCE

I have worked as a frontend developer for 1 year with the mentor, supporting projects and teams where I studied and attended tuition. I assisted in the development of various commercial projects such as CryptoWebTracker, FoodOrdering App, Amazon, etc., using skills in HTML, CSS, JavaScript, React, and Bootstrap. Additionally, I have learned team management.
